The "Cinerama."

(The HOME CINEMATOGRAPH.)

The "CINERAMA" will be found the

"IDEAL" of all . .

Home Amusements,

prior to the introduction of the Home Cinematograph, the Gramophone was the Queen of amusements, we have now the King, in the most Instructive, scientific and amusing pastime. The Cinerama is not a toy, which will be put aside, as both adults and children never tire of its

Magnetic Powers.

As can be seen by the above illustration, the mechanism is

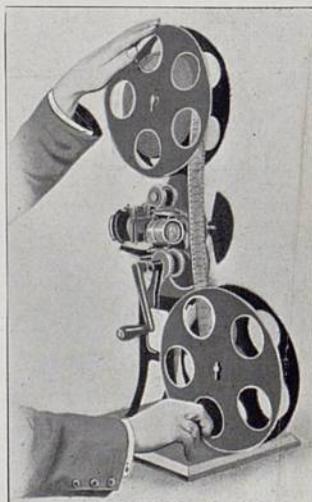

Simple, Strong and Neat,

there are no loose parts whatever, in fact, as soon as the machine is unpacked, it is ready for use and only requires the spooling of the subject chosen.

You turn the Handle

The Machine does the rest.

The illustration on the right shows the SIMPLE method of re-winding the Film.
